

## Who is Amadeu?

Who is Amadeu? That's a good question. We could start by saying I'm a spirit. Fearless that enjoys the scene and those times when it is shown to the public, transparency and willingness to captivate through the wonderful interpretive world. In my time at the **School of Theatre in Barcelona** I focused on the disciplines of Body, Voice, Performance and Aikido lessons that have shaped me as an actor and have allowed me to reinvent the characters that I will interpret in the future. Wood and work it, also forms part of my life, and the art of work is merely a metaphor for art working my own theatrical life.
